DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gregory Zayia on June 25, 2007.

The application has been amended as follows.

In line 1 in each of claims 3-8, 12-16 and 22-26, replace "Claim" with --claim--.

Allowable Subject Matter

Claims 1, 3-8, 12-16 and 22-26 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not teach a first and second plate with a plurality of holes, and a porous membrane interposed between the plates, wherein the first and second plates, respectively, have a rib-like convexity and concavity..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
